### Trail details

**Description** 1st starting board: above the skilift in Münster  
2nd starting board: at the Geschinen skilift

The trail starts at the Münster skilift. The path leads across the Münster-Geschinen pistes towards the east, where you can marvel at the snow-covered amphitheatre of the Goms high valley. Before Geschinen, the path starts to climb. Don't leave the forest roads. After a varied hike, the trail changes direction and continues in a westerly direction. You will see the sun searching its way through the sparse forest. Please mind skiers and snowboarders when crossing pistes and skilift routes.

**Highlight** Beautiful forest outlook
